

YOU'RE INVITED

STEPHEN BREEN
MEMORIAL FOUNDATION

November 8th, the Stephen Breen Memorial Foundation hosts an evening dedicated to “giving wings” to the students and young cancer patients that it serves.

KEYNOTE SPEAKER: CPT Charlie Plumb

Captain Charlie Plumb has lived what he believes to be the American Dream. As a farm kid from Kansas, he fantasized about airplanes and pursued his education at the United States Naval Academy. It wasn't long before Plumb flew the first adversarial flights in the development of what would be called The Navy Fighter Weapons School, currently known as “TOP GUN.”

Code named “Plumber,” Charlie Plumb flew 74 successful combat missions over North Vietnam and made over 100 carrier landings. On his 75th mission, Plumb was shot down over Hanoi, taken prisoner, starved, tortured, and spent the next 2,103 days as a prisoner of the North Vietnamese.

Following his repatriation, Plumb continued his Navy flying career in Reserve Squadrons. He retired from the United States Navy with the rank of Captain after 31 years of service.

Since his return home, Plumb has captivated more than 5,000 audiences in almost every industry around the world with stories that parallel his POW experience with the challenges of everyday life.

Join us in welcoming Captain Plumb to Fort Worth!

Please attend as our guest.

HELP US GROW!

Do you know others who are ardent believers in Catholic Schools or in helping local children in their fight against cancer? Reserve a table for you and your friends at this flagship event and introduce them to Stephen's life and legacy. We are proud to show how his mission is at work right here in DFW.

Save the Date! November 8, 2022

Prepare to be spellbound and inspired by true American hero **Captain, USNR, (Ret.) J. Charles Plumb** as he encourages us to live fully and overcome everyday adversities.
